

Installation Comic

Hey Claimy, how do I install Expense Claim Air?

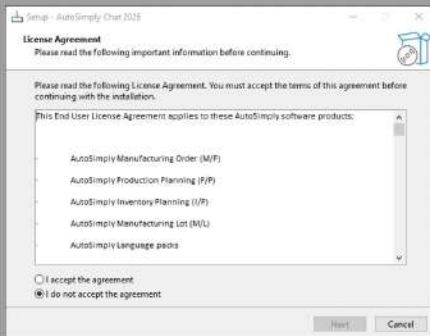

Login and Download the latest Expense Claim Air Installer from AutoSimply website.

Step 1:
Download & Install

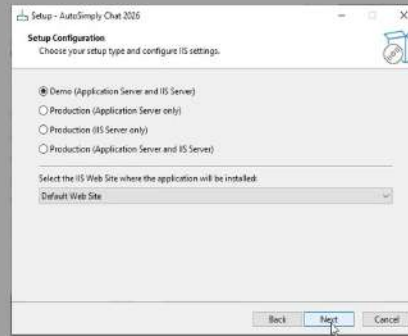

Find it at **Download > Product Download**
> AutoSimply AC Chat New Release
> AC Chat V (Ver. Name) Installation File

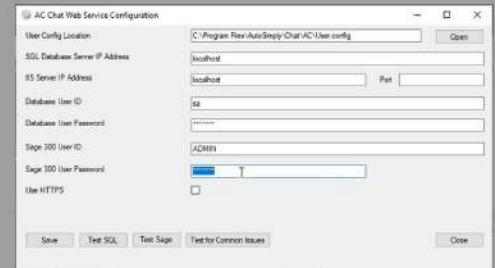

It's easy! I'll guide you step by step.

Run the installer.

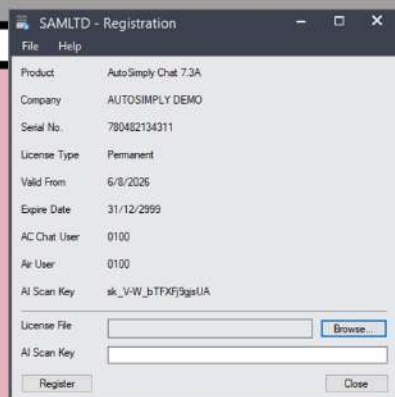

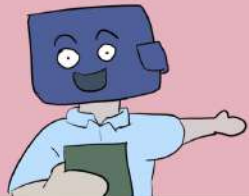

Select the server configuration that matches your Sage 300 environment.

Enter the Server, Database and Sage 300 credentials provided by your IT administrator.

Step 2:
Insert AI Key

Open Sage, go to **AutoSimply Chat > Registration**.

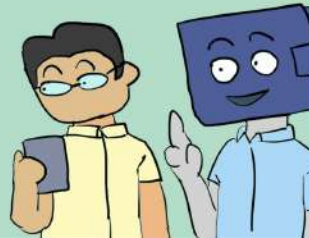

Enter the AI Scan Key.

Step 3: Install App

Install the app available on iOS, Android and Windows.

Installation complete! Let's move on to setup.

Sure!

Stay tuned for the setup comic!
